Forwards for the sanction of Govt. Drafts of rules framed relating to the Central Nazarath System, with a view to improve the system.

The previous history of the case is contained in the office note ~~already~~ put up.

The inconvenience & delay in the present system, the Chief Court states, are due to the fact that many cases are sent to the Nazir every

Time ~~for~~ processes are sent for service. Being thus placed with funds, there is no sufficient incentive for the Nazir to collect the arrears due from process servers or to refund the same to the Courts expeditiously.

2. They are also due (2) to the omission of parties & pleaders to apply for process till a short time before the hearing of cases (3) to the neglect on the part of the Court officials to prepare processes correctly & send the same to the Nazir's office with sufficient margin of time for their service & return (4) to the Central & dept Nazirs delaying the issue of processes till a sufficient no. accumulates for one to dispose circle within their range & (5) to the hurry of process servers to return the processes within the inadequate time allowed to them.

3. To remedy all these defects, the Chief Court at present proposes (1) to increase the permanent advance with the Nazirs to enable them to pay the necessary bata for the execution of the processes out of the advance, the account with each of the Courts being adjusted monthly. This system, it is stated, will expedite

The Collectors, it is stated, met with these rules & instructions & with timely advice on cases of irregularities brought to their notice of the Courts, the Chief Court hopes to materially raise the efficiency of the Deptt.

There has from the beginning been a general complaint both from the Bench & the Bar & the Public that the Central Magistracy system is unsuited to the condition of the Courts in our State and is calculated more to retard than to expedite work & that in point of cost too it is more expensive than the system it superseded a few years ago. The Chief Court should otherwise and consider that for the existing unsatisfactory state of things which is really responsible is not-

No. 1178

Bangalore 26th November 1904.

From

V. A. Rajaratna Mudaliar Esq

Registrar of the Chief Court

To

B. K. Venkata Varadeengar Esq

Secretary to Government

General and Revenue Depts.

Sir

Adverting to the proceedings of Government No. 237 (117 of 03-04) dated 29th July 1904, in re the Central Nazarath system I am directed to forward for the sanction of Government the accompanying

accompanying revised rules and forms.

2 Much of the inconvenience and delay in the present system might be attributed to the fact that monies are sent to the Nazir every time that processes are sent for service The amount of unexpended batta not being returned by process servers along with the processes (often sent by post) the Nazir when returning the processes to the Courts which issued them is not in a position to return the batta money Consequently fresh batta has to be levied from parties

parties applying for fresh processes though there might be impedent batta to their credit and sent with the processes The Nazir being placed in funds for the immediate issue of processes has not sufficient incentive to collect the arrears due from process servers or to refund the same to the Courts expeditiously

3 In order to remedy this defect it is proposed to discontinue the System of remitting money with each batch

batch of processes and increase the permanent advance so as to enable the Nazir executing a process to pay the necessary batta out of the advance in his hands, the account with each of the Courts being adjusted monthly.

4. The introduction of the permanent advance system as above, will expedite adjustment of accounts, provide mutual check and prevent accumulation of unexpended batta with Nazirs and process servers. It will also reduce to a great extent the work falling on the Court

Court Nazir in making many unnecessary entries in the cash and the connected Registers of daily payments to and receipts from the Nazir which takes up much of his time

5. Other causes for the delay and unsatisfactory nature of the Service of the processes have been ascertained to be due to the omission of parties and pleaders to apply for processes till a short time before the hearing of their cases, to the neglect on the part of the Court officials to prepare the

the processes correctly and send
the same to the Nazarat allow-
ing Sufficient margin of time
for their service and return to
the Central and Deputy Nazir
delaying the issue of processes
till a Sufficient number accumu-
lated for issue to different circles
within their range, and to the
general scramble and hurry
on the part of the process-servers
to return the processes anyhow
within the inadequate time
allowed to them Special
instructions have been drawn
up for the guidance of all
concerned

concerned to obviate these evils
and will be issued as soon as
the Nazarat Rules now pre-
pared receive sanction of
Government. It is confident-
ly hoped that these instructions
and the importance attached
to the efficient working of the
Nazarat system by this Court
in the rules of Inspection
by the Judges and orders
issued by this Court of late
in cases of imperfections
and irregularities which
came under its notice
will

will materially raise the efficiency of the Department and give no room for the complaints which are now levelled against it.

6. It is also proposed to place the Central Nazirs and their establishments under the immediate control of the District Judge instead of the Principal Munsiff of the Station. The reason assigned in this Office letter No. 2390 - 61 dated 24th September 1897, was

that

Flag C
SL 17: 13. Jfile 11 37 of 90-97

that if attached to a higher
Court the process of the in-
ferior Courts may not
receive the prompt atten-
tion that is necessary
But experience seems to
show that Superior and
even co-ordinate Courts
do not care to complain
to a Mandamus in regard
to irregularities Hence
the desirability of attach
-ing the Central Nazareth
to the District Court as

in

in the Madras Presidency.

7. In reviewing the rules the amendments made by the Madras High Court in their Process Rules have been adopted

I have the honour to be,

Sir,

Your most obedient servant

This rule shall also apply to processes to be served or executed by the Deputy Nazirs.

IX. One hour before the Post time for each outlying Sub Judge's or Munsiff's station, the chief ministerial officer of each superior Court shall have a list prepared in the Form AA of all processes to be served or executed within the jurisdiction of such outlying ~~Munsiff~~ Court, and such list shall be forthwith sent by Post on Mysore Government Service to the Deputy Nazir of ~~such Munsiff~~ that station Outlier, together with all such processes.

XI. He shall thereupon arrange for the distribution of the processes, and, after the necessary entries have been made in the Roster (Form C hereto annexed), shall deliver them to the several process-servers. As far as possible, all processes other than warrants of arrest, for persons residing in the same neighbourhood shall be served by one process-server and not by several, whether issued by the same or by different Courts.

Every Outrider Deputy Nazir shall be held directly responsible for the proper service and return in due time of the processes.

The process servers should maintain a Register in form D.

efore the 6th of each month or whenever a sum of Rs 50/- or more is due by

XII. Every day, at such hours as the Munsiff may fix, having regard (when necessary) to the hours at which the Post closes, the Central ~~Nazir and each~~ Deputy Nazir shall ~~prepare a list for each Court of~~ the processes to be returned to it, giving them their original Court numbers, and shall transmit them ~~with the list~~ to the chief ministerial officer, who shall sign and return the ~~list~~.

XIII. It shall be the duty of the chief ministerial officer to have the processes returned ~~struck off in~~ his Register A ~~or AA, as the case may be~~, and to bring to the notice of the presiding Judge any unusual delay. Where such Judge is not the District Judge, he shall report such delay to the District Judge in the absence of satisfactory explanation. ~~The District Judge will report all such cases to the Chief Court.~~

XIV. At the close of each day, every Central and Deputy Nazir shall enter in the Register B the number of processes distributed during the day and the number of peons remaining unemployed after the distribution.

XV. The return of service shall ordinarily be verified by affidavit, and, under Section 197 (*b*) of the Code of Civil Procedure, all Nazirs and Deputy Nazirs are hereby empowered to administer the oath to any process-server. Such affidavit may be read at the hearing and used as proof of service.

When a process is returned under Section 80, 168 or 343, the Court is required to examine the serving officer on oath ; but under Section 386 (*c*), in the case of the process-servers of an outlying Court, such examination may generally be taken under a Commission. The Commission will be in the form of an authority (written or printed at the foot of, or attached to, every process) to the Munsiff to examine the process-server if necessary.

XVI. When any person has been arrested, or movable property seized, by a process-server of an outlying Court under a warrant issued by a superior Court, the process-server shall forthwith bring such person or property to the station of such Court and deliver him or it to the Central or Deputy Nazir, as the case may be, provided that this rule shall not apply to property not required to be brought to the Court-house.

Such Central or Deputy Nazir shall immediately give the process-server a receipt and send him back to his own Court, and shall produce such person or property before the Court which issued the process.

When money shall have been ~~paid~~ upon any such process, it shall be received by the outlying ~~Munsiff~~ and duly transmitted, together with the process, to the Court concerned : ~~provided that, where such sum does not exceed the batta due (or likely to become due within three days) by such Court, the Munsiff may order it to be~~ credited to such Court's Batta Account, sending immediate notice of the same that the Court concerned may pay the judgment-creditor out of the batta accumulations.

XVII. A permanent advance of Rs. ~~100~~ will be made to each Central ~~or~~ Deputy Nazir for the batta of witnesses, &c. The amount of batta ~~to be paid must be~~ notified on each process sent to ~~it~~ for service, ~~but shall be retained in the Court issuing the process until the accumulations reach Rs. 50, or~~ till the end of the month. Whenever the sum of Rs. 50 is due by any one Court to another and at the close of each month in any case, the full amount due must be remitted through the Government Treasury, if there is a Treasury at the outlying station, and if not, by a Postal Money-Order, the cost of which may be charged in the Contingent Bill.

The Chief Court may, at its discretion, increase or reduce the permanent advance of any particular Central or Deputy Nazir.

XVIII. On or before the 6th of each month the Central Nazir or the Deputy Nazir (as the case may be) of each Court shall send to each Court concerned a statement showing the account between them, as it stood at the close of the preceding month, and any subsequent remittance. Such accounts, when furnished to any other Court than the District Court, shall be sent on to the District Judge after verification and with any explanation which may seem necessary. It shall be the duty of the District Judge to see that no excessive sum of money is retained in any Court.

XIX. The presiding Judge of any Court may, for any sufficient reason, at any hour of the day, transmit a process for emergent execution ~~within the jurisdiction of the head-quarter Munsiff~~, and it shall be the duty of the Central or Deputy Nazir (as the case may be), on receiving such process signed by the Judge, to make immediate arrangements ~~accordingly~~.

In a case of very special urgency, the presiding Judge may deliver any such process to one of the process-servers in attendance on his Court for immediate service or execution.

XX. The Deputy Nazirs of outlying Courts shall on no account delay any process which may be signed by a presiding Judge as emergent. All other processes it shall be lawful for them to keep back for any period, not exceeding three days, which may be necessary to admit of a sufficient number accumulating for a particular neighbourhood.

XX ~~XXI~~. The presiding Judge of any superior Court may direct, on the application of the party applying for any particular process which would ordinarily be sent for service to an outlying Court, that it be served or executed by a special process-server from head-quarters: provided that the pay of such process-server at the rate of 4 annas a day for a peon or 8 annas for an amin, for the time he is likely to be employed on such duty, be paid in advance; and the Judge may, for any sufficient reason, direct that such extra charge be costs of the suit or proceeding.

XXI ~~XXII~~. Except for very special reasons, which must be recorded in writing, no Court shall direct, under Section 349, that a judgment-debtor be left in the custody of a peon, unless a second peon is deputed to assist him and the pay of both, at 4 annas a day for each up to the time fixed for the adjourned hearing, be paid in advance.

Payments under this and the preceding rule shall be made in Process Service stamps.

XXII ~~XXIII~~. Unless the Chief Court shall otherwise direct, upon due cause being shown, the number of amins and peons to be employed under any Nazir or Deputy Nazir shall be sufficient, and no more than sufficient, for the execution of not less than ~~100~~ 150 processes a year by each amin and not less than ~~300~~ 400 processes a year by each peon: provided that three peons for each Court shall be told off in rotation for ten days at a time to attend the Court to help to keep order and guard the Court-house and to be available for emergent processes under Rule XIX.

XXIII In calculating the number of processes, if more than one of the same description have been issued on behalf of the same party at the same time in the same suit or proceeding and executed in the same town or village, the first only shall be reckoned as a full process, and each subsequent set of three or part thereof shall count as but one process, whether executed by one or more peons. Three processes will be counted for each emergent process and one for each day that a peon is in charge of a judgment-debtor or engaged on any special duty.

XXIV. ~~Every Central or Deputy Nazir shall, at the end of each month, report to the District~~ Judge through the Munsiff the number of processes, calculated as above, which may have been executed by their subordinates within the month; and such report shall show the number declared by each Court to be emergent. The District Judge shall forward the Report to the Chief Court with his remarks thereon.

The ~~Chief Court may~~ District Judge shall reduce the number of peons in the Central Nazarat, or any outlying Court, whenever the average number of processes for each man (exclusive of those allowed under Rule XXIII to be in attendance in the Courts) falls short of the prescribed minimum by more than ten per centum. provided that, if sufficient cause appears for lowering the minimum, he may report the matter for the orders of the Chief Court.

The periodical returns of receipts and disbursements on account of Process-service Fees, furnished to the Chief Court, shall show the average number of processes actually executed by each peon or amin.

XXV. The fees chargeable for serving and executing process issued by the Civil Court shall be:—
